"Community Bargain Day," Saturday, October 27th

COMMUNITY BARGAIN DAY IS TOMORROW

FINAL ARRANGEMENTS HAVE BEEN MADE.

FREE TICKETS TO THEATRE

There Will Be Bargains In All Stores; Band Concert In Evening; Big Attendance Anticipated.

Final arrangements have been made for the big event tomorrow (Saturday), to be known as "Community Bargain Day," and it is expected there will be a large number of visitors in attendance.

One of the attractions will be a free entertainment at the Princess theatre. Tickets can be obtained from any of the merchants who had ads in the big double-page ad in the News last week, and there is no limit, so all will be accommodated. Mrs. Nelson will open the theatre at 1 o'clock. About one hour and fifteen minutes will be required for each show. It is expected that children attending the theatre will be accompanied by parents, when it is possible to do so. Remember to get tickets from merchants—they are free for the asking.

There will be a free concert in the evening by the Huntington Beach Municipal Band.

The following business houses are participating in the event: Savings Bank of Huntington Beach; W. M. Adair, grocer; A. W. Morehouse, feed and fuel; Canady's Jewelry Store, next to post office; Nolder's Cash Grocery and Meat Market; McElfresh, dry goods and men's furnishings; Huntington Beach News; Rigdon's Studio, photographs; Huntington Beach Hardware; Carl Olson, furniture; Jackson's Candy Shop; B. T. Mollica, shoes and repairing; Eader's Home Bakery; M. A. Turner Co., dry goods and men's furnishings; The Electric Shop, motors, pumps, etc.; The Kutzners, confectioners; W. L. McKenney & Co., grocers; Huntington Beach Co., real estate; San Pedro Lumber Co.; Huntington Beach Nurseries; Rigdon's Pharmacy; John L. Wyatt, dry goods; Arrow Garage; W. D. Seely, real estate; Obarr's Drug Store; City Garage; E. K. Wood Lumber Co.; T. B. Talbert & Co., real estate and distributors for Ford, Dodge and Lexington cars.

BLUE RIBBON FOR HOME-MADE OILCLOTH.

AT CALIFORNIA LAND SHOW IN SAN FRANCISCO.

T. B. Talbert, general manager of the Pacific Oilcloth & Linoleum Co., has received word from D. W. McDannald, who has charge of the Orange county exhibit at the California Land Show in San Francisco, that Huntington Beach made oilcloth was awarded a blue ribbon, and that the Orange county exhibit captured 12 first prizes, 3 seconds and 2 thirds. The prizes and ribbons were for oilcloth, sugar process, Crawford's marmalade (2), peppers, avacados, peanuts, walnuts, chestnuts, lemons (2), and a special on rare fruits.

WILL ENGAGE IN TEA AND COFFEE BUSINESS.

W. H. Wharton, with McKenney & Bentley, grocers, announces that he will open a tea and coffee business in the Collins block one week from next Saturday.

Mr. Wharton states that he will install a coffee roaster, and will also add some groceries.

FIRM NAME HAS BEEN CHANGED.

WILL BE KNOWN AS M'KENNEY & BENTLEY.

The firm name of W. L. McKenney & Co. has been changed to McKenney & Bentley. The change was occasioned by Geo. F. Bentley taking over the interest of Ernest Probert in this well-known grocery concern.

LARGE DELEGATION HEARS BILLY SUNDAY.

154 MAKE THE TRIP IN THREE SPECIAL CARS.

A large delegation of Huntington Beach people paid their respects to the Rev. William A. Sunday Tuesday evening, 154 making the trip in three special cars.

The train left here shortly after 5 o'clock and arrived at the tabernacle at 6:45, where a section was reserved for the party. The location for many, however, was the poorest in the big show.

Most of the party unwillingly "Hit the Sawdust Trail," and are now numbered among the Billy Sunday converts in Los Angeles.

Judge Copeland led the party up to shake hands with the noted evangelist, and after this performance there was no escape from the "Trail," as the ushers turned the lines into the famous sawdust pike. The personal workers then passed along cards and asked all to sign, giving their address and church preference. Those who declined to sign the cards were asked for their names, and the workers wrote them on the cards themselves. Some declined to give their names. Consequently, it is readily understood how Billy Sunday gets "Trail Hitters" by the thousands.

The Huntington Beach Municipal Band accompanied the delegation and rendered one selection in the tabernacle.

Judge C. W. Warner had charge of the arrangements, and he is to be congratulated upon his work.

CITY TRUSTEES BUY SOME LIBERTY BONDS.

SPECIAL MEETING HELD MONDAY NIGHT.

There was a called meeting of the city trustees Monday night, for the purpose of considering the purchase of Liberty Bonds, and it was decided to take \$5,000 of the second Liberty Loan asked for by the Federal Government.

SUCCESSFUL RECEPTION WAS HELD IN CITY.

MRS. CUNNINGHAM MOVES TO THIS CITY.

Mrs. Valentine Cunningham, director of the Valentine Conservatory of Music and Arts, in the bank building, has decided to make Huntington Beach her home, and moved, Monday, into the house at Fourteenth and Olive, formerly occupied by the hospital.

This is fortunate for the community, as Mrs. Cunningham has extraordinary ability as a musical instructor, and her school is growing rapidly.

Thursday of last week, Mrs. Cunningham held a very successful reception at one of her branch studios, 2935 Budlong avenue, Los Angeles, and Miss Gladys Bolton rendered Fantaisie D minor (Mozart) in a delightful manner.

JUDGE COPELAND WAS "FOUR-MINUTE" MAN.

DELIVERS GOOD TALK AT THE PRINCESS.

Judge Louis A. Copeland, president of the First National Bank, was the "Four-Minute" man at the Princess Theatre Saturday night, under the direction of Judge W. H. Thomas of Santa Ana.

Judge Copeland delivered a good talk, advising the citizens of this vicinity to purchase Liberty Bonds.

BATH AND PLUNGE WILL CLOSE OCT. 31.

SOME BELIEVE THAT PLACE IS CLOSED.

Announcement is made that the bath house and plunge will close October 31st. There appears to be an impression that this popular place has already been closed, but Manager A. G. Herring is on duty as usual, and will be up to the indicated date. Recently the weather has been so warm that many have felt as much like taking a plunge as they did in the summer.

REGULAR MEETING OF THE WOMAN'S CLUB

IMPORTANT QUESTIONS ARE DISCUSSED.

NEXT MEETING NOVEMBER 13

Some Live Topics Aply Handled By Mrs. Blodget, Mrs. Wilson, Mrs. Warner and Mrs. Shank.

There was an interesting meeting of the Woman's Club, Tuesday afternoon, when some of the big questions affecting the welfare of the community were ably discussed by members.

Miss Ruth Hudson, talented daughter of Mr. and Mrs. J. M. Hudson, rendered a piano solo, which was highly appreciated, and responded to an encore. A vocal solo by Irene Hunt was also applauded. She was accompanied by Mildred Moore.

The hostesses for the occasion were Mrs. Louis A. Copeland, Mrs. W. E. Gerhart, Mrs. A. W. Griffith and Mrs. Jas. J. Conrad.

The topic assigned to Mrs. Geo. A. Shank, "How to Secure a Sun Parlor on Our Pier," was discussed by her orally, saying that as such an improvement would cost from \$3000 to \$5000, and could only be constructed by the approval of a bond issue by the citizens of Huntington Beach, she did not think this an opportune time to advocate the improvement.

The questions discussed by Mrs. S. Langdon Blodget, "How to Make a Beautiful and Attractive Esplanade of Our Bluff," Mrs. Chas. W. Warner, "Suggestions for a Better Lighting System for Huntington Beach," and Mrs. Wilson, "How Can We Deal With the Problem of Keeping Our Pier Clean and Attractive?" were read from manuscript at the meeting, and were as follows:

Mrs. Wilson.

How to keep our pier clean is a problem that has puzzled our City Fathers ever since we have had a pier, and most probably will for some time to come. They send men out to sweep it twice a week, but along comes the busy angler and spreads clam and mussel shells all over it again before the sweeper is out of sight. Now, if the fear of something can be put into the hearts of those rubbish-distributing fishermen so that they will throw their trash overboard, the task will be lightened to a great degree; for all the trash and rubbish that makes our beautiful pier an eyesore to all who delight in cleanliness and order is caused by those who enjoy fishing from it. Much of it is from thoughtlessness, but much of it is caused by carelessness, or the spirit of "I don't care." The same destructive feeling in the grown-up that exists in the younger boy, that causes him to throw rocks at lamp globes and to deface public buildings, is the cause of much of the litter and refuse on the pier.

Now the remedy: 1st. Let the city keep a man on the job to keep all trash thrown overboard and to see that it is at all times in good shape and clean, so that people may walk out on the pier without having to crawl over clam and mussel shells and slip on the bloody spots left from the slaughter of some shark or sting-ray.

2nd. Let the city pass an ordinance making it a misdemeanor for anyone to leave such refuse on the pier, punishable by a fine, and see to it that the marshal shall enforce such ordinance; for if we maintain the pier for the pleasure of such people, they should at least try to help keep it passably clean. Much of this trash is left thoughtlessly—one leaves it because another does, and so on to the end of the chapter. I think that if such an ordinance is passed, and they see that it is the intention to enforce it, they will soon all fall in line, and the effort now made will keep the pier in a fairly good condition.

The pier should be swept at least two or three times a week, and should be thoroughly flushed twice a week, and all bloody spots cleaned off regularly. I think that such a mode of procedure will accomplish the object, and

our pier will become a thing of beauty instead of an eyesore and a stench. Many of the people who come here to fish will be glad to fall in and help us if we show a reasonable desire to keep things in good order. Notices should be posted in all places on the pier, so that all parties interested may see what is required of them, and also showing the penalty of its violation.

Mrs. Warner.

Since the subject of "Suggestions for a Better Lighting System for Huntington Beach" was assigned, the city has made some improvements in that direction—namely, the putting in of lamps on Main street from the Ocean boulevard to the city limits, which is certainly a great addition to the attractions of our city; especially to the motorist and the residents in that locality.

But, alas! The remainder of the streets in the most thickly populated districts are still almost in darkness, with here and there a stray lamp. Now, according to my way of thinking, there should be a system of lights put in, running north and south from Main street to Seventeenth street, either on Orange avenue or Acacia avenue; also three running east and west from Main street to Ocean avenue—possibly Fourteenth, Eleventh and Seventh streets. Then, with Ocean boulevard paved and lights introduced in that section, would make our city safer and more pleasant for its residents, and prove an attraction to those who might be induced to make their future homes among us, who otherwise would never give our town a passing thought. This we know to be true, for many of our summer visitors and others have gone away saying, "I would never want to live here, your streets are too dark." We have been called a very unsocial people. I think our dark streets are in a great measure the cause. We have acquired the habit of staying at home in the evening with book or fancy work, when, perhaps not a block away, some stranger is homesick and lonesome for a little good cheer and comfort. The first thing we know they have flitted away to some brighter, more congenial place. Hence our continual floating. We all know the women population of this town has stood back of other enterprises, and, by their undivided efforts, have accomplished wonderful results, and, Madam President, I think if a committee was appointed to confer with the city council in regard to putting in a better lighting system it might be the means of starting the ball rolling.

I would state further, I have learned the lights on Main street can all be turned on and off from one main switch, thus saving labor, time and expense, so that the city would not be at such a great expense after the lamps were installed.

Mrs. Blodget.

Any plan for the improvement of the bluff seems to involve such an enormous expenditure of money as to make it, at the present time, prohibitive.

However, some consideration of the possibilities may have value. That portion of the bluff which lies between Sixth and Eleventh streets varies in width from fifteen to twenty-five feet. The earth on the ocean side is fast crumbling away, and during the long summer months, with no rain, the intense heat of the sun causes the adobe soil to crack, thus leaving large crevices. These crevices afford an outlet for the water when the heavy rains come, but gradually wash away our bluff and make it unsafe for pedestrians. A steam shovel and a dozen men could soon change this unsightly bank, covered with tumbleweed and Australian bush grass, into a beautiful promenade, by cutting it to the level of the street.

The earth thus removed should be thrown below to fill and cover the ragged looking bluff on the ocean side, sloping this bank to an angle of forty-five degrees. Then plant this slope to some kind of thrifty moss.

When the Woman's Club has accomplished this by its influence, we will all cry, "Behold the Esplanade."

SOME LOBSTERS BEING CAUGHT.

The lobster season is now open and some are being caught from the pier, according to Trustee D. W. Huston, official fish reporter, who supplies bait and tackle for those who enjoy fishing.

SPECIAL MEETING OF CHAMBER OF COM.

SOME COMMITTEES WERE APPOINTED.

MUNICIPAL CHRISTMAS TREE

"Harvest Home Day" May Be Held Thanksgiving Week; Committee Appointed To Investigate.

There was a special meeting of the Chamber of Commerce in the public library building, Friday evening of last week.

The president and vice-president were both absent and Judge C. W. Warner presided at the meeting.

Ralph C. Turner stated that the meeting had been called for the purpose of considering the advisability of preparing a municipal Christmas tree and holding a Harvest Home Festival, the beginning of Thanksgiving week. He believed that prizes might be offered for various products by the merchants. One merchant could offer prizes for potatoes and another for pumpkins, and on down the line of vegetables and fruits. The plan had been worked out, Mr. Turner said, in other places, and there was no reason why it could not be successfully carried out here.

R. L. Obarr thought it was probably a little late in the season for much of a display of fruit, or vegetables either.

Harold H. Campbell suggested that a committee be appointed to investigate the matter and report later, which prevailed, and F. H. McElfresh, Judge Louis A. Copeland and Mr. Turner were appointed to report on the advisability of holding the Harvest Home Festival.

Everybody present favored the municipal Christmas tree, and, at the suggestion of Mr. Obarr, the following committees were appointed:

Finance—Judge Copeland, J. K. McDonald and Judge Warner.

Advertising—Mr. McElfresh, A. M. O'Brien, W. E. Tarbox, president of Board of Trustees, and Jas. J. Conrad.

Program—Mr. Turner, Trustee D. W. Huston, V. B. Brown, Harold H. Campbell, T. B. Talbert and E. E. French.

The giving of the municipal Christmas tree is an event that will be of more than ordinary interest to almost everybody in the entire community, and is a very commendable feature. Trustee Huston appears to hold the honor for having suggested the idea.

RECEPTION TO PASTOR POSTPONED.

WILL BE GIVEN NEXT TUESDAY EVENING.

The reception to the pastor of the Methodist church, Rev. R. I. McKee, and Mrs. McKee, was postponed until next Tuesday evening, on account of other conflicting events. The reception will be held in the church edifice, and the public is invited.

FIFTY POUNDS OF BEANS FROM SEVEN SHORT ROWS.

A. H. Thomas, a well-known Grand Army man, one of the regulars who fish from the pier, found time during the summer to grow beans and peanuts, being very successful. He harvested 50 pounds of Lady Washington beans from seven rows 46 feet long, and also grew a barley sack full of peanuts from about the same amount of ground. Mr. and Mrs. Thomas reside at 317 Sixth street.

WIDOW'S PENSION.

Congressman Kettner advises that on October 6, 1917, the Congress adopted an amendment to the pension law increasing the rate of pension for a widow of an officer or enlisted man of the army, navy or marine corps of the United States who served in the Civil War, the War with Spain or the Philippine insurrection, to \$25.00 per month. Applications are not required from those entitled to this increase.

P. T. A. MEETING HELD WEDNESDAY EVENING.

GOOD TALK BY J. A. CRANSTON OF SANTA ANA.

There was a lively meeting of the Parent-Teacher Association Wednesday evening in one of the rooms of the Grammar school.

Mrs. Owen D. Peters, president of the association, presided, and the minutes of the last meeting were read by Mrs. W. A. Double, secretary.

J. A. Cranston, superintendent of the Santa Ana schools, delivered a splendid talk on "The Possibilities of the P. T. A." Mr. Cranston said the statement had been made that the moral training of many of the children had been left to the school and church. There was a big range of possibilities for the P. T. A., he said, and in many places much good had been accomplished.

Mr. Cranston said his experience had been that but few parents attended the schools. Therefore, about the only means afforded for the parents and teachers to get acquainted was for the teachers to visit the homes or attend the P. T. A. meetings.

Mrs. Peters said there had been some talk of holding a cooked-food sale to raise some funds. Mrs. Geo. O. Franklin thought the association should give something of the kind, and, on motion of Mrs. Alfred Onson, it was decided to hold a sale in the near future.

The program consisted of a vocal solo by Miss Irene Engle and a whistling solo by Miss Juanita Kutzner, each of whom was highly appreciated. They were accompanied by Miss Gladys Bolton.

PROF. BRYANT WILL LECTURE THURSDAY.

"WILD BIRDS AND ANIMALS OF CALIFORNIA" HIS TOPIC.

The Woman's Club of Huntington Beach is to be congratulated upon having secured the services of Prof. H. C. Bryant, who will deliver a lecture at the Princess Theatre next Thursday afternoon, November 1st, at 2:15. The lecture will be illustrated by moving pictures, showing birds and animals in their native haunts.

Prof. Bryant is a renowned lecturer, who has charge of the state museum of vertebrate zoology at Berkeley.

This lecture is of special educational value, and it is hoped that all school children will attend. The admission will be 11 cents for adults and 6 cents for children. The odd cent is made necessary by the war tax. Prof. Bryant will deliver this lecture at the Los Angeles Normal Friday.

SEVERAL ATTENDED SANTA ANA SUGAR CO. BARBECUE.

There were several from this vicinity attended the barbecue given at the factory of the Santa Ana Sugar Company, Tuesday. The attendance was probably about one-third as large as at the barbecue at the Holly factory here last week. The menu was the same, and the same colored men furnished entertainment. The food was well prepared and good service prevailed.

NEXT TUESDAY WILL BE POISON DAY.

PROPERTY OWNERS MUST EXTERMINATE SQUIRRELS.

Next Tuesday, October 30th, has been designated as Poison Day. On that day all property owners having ground squirrels on their property will be required to poison the pests. In case the owner fails to exterminate the squirrels on his property, the work will be done by the county and the cost assessed against the property. All squirrels must be exterminated, and the order will be strictly enforced. Proper poison may be secured from the drug stores or from Geo. W. Wardwell, horticultural inspector.

It is estimated by the horticultural department, and the estimate is a conservative one, that each ground squirrel does one dollar's worth of damage a year.

Society and Personal

D. A. Club.

The next meeting of the D. A. Club will be at the home of Mrs. C. E. Lavering, on Tenth street, Thursday afternoon. Saturday evening, members of the club and their husbands were entertained at the home of Mr. and Mrs. Richard Drew, on Tenth street. Prizes were offered for chrysanthemums, and Mrs. Drew was awarded first honors and Mrs. H. T. Dunning second. The prize flowers are on exhibition at the First National Bank, and have attracted considerable attention. The guests of honor for the occasion Saturday evening were Mr. and Mrs. R. H. Dow of Los Angeles. Mrs. Dow founded the club.

Left for Arizona.

C. R. Furr left Monday morning for Prescott, Arizona, where he will be employed by a big power corporation. Mr. Furr has been advertising manager for the Huntington Beach Company, and has not only been a valuable man for the company, but for the entire community, and there is general regret over his leaving. The change is being made for the benefit of Mrs. Furr's health, and they expect to return to Huntington Beach after Mrs. Furr has recovered her health. Mrs. Furr and her mother, Mrs. Adkins, did not accompany Mr. Furr, but will soon follow.

From Los Angeles.

Miss S. M. Finley of Los Angeles was in Huntington Beach Wednesday. Miss Finley was formerly one of the prominent beet growers of the valley, and left here two years ago, after her health had failed. She has 80 acres of fine land east of the Frank Borchard place, for which she recently refused \$550 per acre. Miss Finley is again in perfect health, there having been a wonderful change in her appearance during her absence.

From Minnesota.

Mrs. E. M. Britts of Virginia, Minn., left Thursday for her eastern home, after visiting for a week with her sister, Mrs. Mary C. Turner, during which time the following children and grandchildren of Mrs. Britts were entertained at the home of Mrs. Turner: Mrs. Jennie Jones of Osage, Iowa; Miss Margaret Swift of Pasadena; Mr. and

Mrs. Will Britts of Portland, Oregon, and Mr. and Mrs. Swift and daughter, Edna, of Pasadena.

At Anaheim.

Mrs. Fred Lock and daughter, El nora, left Saturday of last week for Anaheim, where they will spend a week with Mr. and Mrs. Fred Edwards, who, until a short time ago, resided in Huntington Beach.

From Arizona.

Mr. and Mrs. David Shoemaker of Florence, Arizona, have purchased the A. H. Roberts place on Huntington avenue, consisting of 2 1/2 acres, and will make their future home in Huntington Beach.

From Los Angeles.

Rev. J. W. C. Swan of Los Angeles was in Huntington Beach, Friday of last week. He was formerly pastor of the Baptist church in this city, and is now pastor of a church at Torrance.

Returned from North.

Mrs. R. H. Chapin returned from San Francisco Saturday from attending the Grand Lodge of the Eastern Star. The order voted to purchase Liberty Bonds in the sum of \$5,000.

From Huntington Park.

Mr. and Mrs. Sheldon Sleppy of Huntington Park are the guests of Mr. and Mrs. Charles Goldsmith. Mr. Goldsmith is manager of the Huntington Beach Ice Co.

Visiting at Perris.

Mrs. Ellen Cheney, who is making her home with Mrs. S. L. Blodget, left Monday for Perris, where she is visiting with her brother, F. A. Langdon, on his ranch.

From Inglewood.

Mr. and Mrs. W. R. Wright had as their week-end guests, Mr. and Mrs. J. W. Wright of Inglewood, parents of Mr. Wright.

From Santa Ana.

Mrs. W. H. Smith of Santa Ana was in Huntington Beach, Friday of last week, calling on friends.

Returns from Hollywood.

Mrs. Chas. H. Endicott returned Wednesday from a visit of 12 days in Hollywood.

From Los Angeles.

W. T. Collins of Los Angeles was in Huntington Beach, Wednesday.

CHAMBER OF COM. MEETING THIS EVE

IS THE REGULAR MONTHLY MEETING.

EVERYBODY INVITED TO ATTEND

Matter of Improving Way of Reaching Grammar School May Be Discussed, and Other Questions.

The regular monthly meeting of the Huntington Beach Chamber of Commerce will be held in the library building this (Friday) evening at 8 o'clock.

One of the important questions that may be discussed will be the matter of providing lights and better streets to approach the Grammar school.

There are other important matters that may also be up for discussion, and every citizen is invited to attend, whether a member of the Chamber or not, as all are welcome to attend and be heard on questions of public interest.

RED CROSS WILL HOLD COOKED-FOOD SALE.

LUNCHES AND TEA WILL ALSO BE SERVED.

Those who have charge of the Red Cross work in Huntington Beach are planning a busy day for Community Bargain Day, Saturday. A cooked-food sale will be held in the room next to Obarr's Drug Store, where lunches will be served during the day, beginning at 10 o'clock.

Tea and wafers will also be served in the regular Red Cross room, next to Kutzner's Confectionery.

Mrs. Chas. H. Endicott, president of the Red Cross, announces that all knit

articles should be at the Red Cross room Saturday, so that Mrs. Magill of the Santa Ana auxiliary can take them to Santa Ana with her.

Mrs. Magill was in Huntington Beach Thursday and notified Mrs. R. H. Chapin, treasurer of the Red Cross, that the 25 per cent due the Huntington Beach auxiliary would be paid in a few days. The amount is estimated at about \$85.

DONATES INDIAN RELICS TO C. OF C.

CHARLES J. ANDREWS IS THE DONOR.

Charles J. Andrews, the well-known manager of the Bolsa Chica Gun Club, has donated 20 stone implements used by the citizens of this section of the universe prior to the coming of the paleface.

The collection consists of 19 pestles of various sizes and one large mortar used for the preparation of grain for food by the aborigines.

The pestles were found on the property of the gun club, and the mortar by R. E. Larter.

The stone implements are now on exhibition at the News office, and are attracting considerable attention.

SON BORN TO MR. AND MRS. BOYDEN HALL.

Sunday morning at 6:10 o'clock, a 7 1/2-pound boy was born to Mr. and Mrs. Boyden Hall. Both mother and son are doing nicely.

THE BOY SCOUTS SELL LIBERTY BONDS.

CECIL M'COY WINS A GOVERNMENT EMBLEM.

The campaign waged by the Boy Scouts of Huntington Beach for the sale of Liberty Bonds closed Thursday evening, and resulted in the sale of \$1,550 worth of Government paper. Cecil McCoy carried off the honors by selling bonds valued at \$1,050, the remainder being sold by Glen Turner, \$350; Russell Hall, \$50; Ralph Kinsey, \$50; Francis McElfresh, \$50.

Cecil wins a Government emblem by having placed bonds in 10 or more different homes.

The Student Body of the High school purchased one \$50 bond by unanimous consent, showing the loyalty of the coming generation.

WEEKLY GREETING.

A free nation must have a religion broad enough to embrace all mankind, . . . high enough to reach the source of all love and wisdom, and pure enough to satisfy the wisest and the best.—L. M. Alcott.

WILLIAM A. SUNDAY.

There is considerable difference of opinion existing between those who have heard Billy Sunday, the noted evangelist who has been stirring the religious atmosphere of the Southland for several weeks, as to the sincerity of this remarkable leader of men.

However, there is one point upon which all agree, and that is the fact that Billy Sunday is the most wonderful entertainer on the religious stage in the world today, and perhaps one of the greatest that has appeared on this planet since the Reformation.

Most of those who attend the Sunday meetings would not think of attending a theatre, and yet they hear more slang and coarse language in one evening than they would probably hear in any of the theatres in Los Angeles in a month. They enjoy it—in fact, they think it is fine, as indicated by the applause that follows many of his coarse remarks.

It is said that Mr. Sunday is a reformed "bum," which may or may not be true. One thing is certain, and that is his vocabulary has profited but little by the change.

The world always has, and perhaps will for centuries to come, pay homage to a good actor—one who can amuse and entertain—and this accounts for the unbounded popularity of Billy Sunday. As an entertainer he is a phenomenal success, and deserves all the plaudits he receives from the multitudes who throng his show. It is noticed that his movements on the stage show as perfect lines as a classic actor on the operatic stage, and show beyond doubt that Mr. Sunday would be equally as successful on either the speaking or silent theatrical stage as he is in the religious field. He is a natural actor, there is no doubt about that.

Tuesday evening Mr. Sunday attacked four religious sects, and made statements in doing so that were not founded upon truth and fairness, which should govern one who professes to be preaching the gospel of the Master.

There is no record in the Bible that Jesus found it necessary to assail the faith of any particular sect in performing His great work for humanity. Moreover, it is a matter of record that He admonished His disciples against doing so.

It is difficult to believe that one of Mr. Sunday's standing would make statements from the platform to such a large number of persons which he knew to be entirely without foundation, and yet the most superficial examination of the subject would show him that some of his statements were gross misrepresentations.

Then the question naturally arises: Why does he make such statements? The answer appears to be that such abuse pleases a large majority of his audiences, as evidenced by the approval that followed, Tuesday night—and he plays to the galleries just as do all good actors.

Then it follows that the average person who attends these evangelistic gatherings enjoys the great profusion of slang and sarcastic abuse that characterizes Billy Sunday, and makes him the world's most renowned religious leader. To deprive him of his slang and good acting would be as fatal as was the removal of the long locks of the mighty Samson.

The importance of reading, not slight stuff to get through the time, but the best that has been written, forces itself upon me more and more every year I live; it is living in good company, the best company, and people are generally quite keen enough, or too keen, about doing that, yet they will not do it in the simplest and best manner, by reading.—Matthew Arnold.

It is an everlasting duty, the duty of being brave. Valor is still value. The first duty of a man is still that of subduing fear. We must get rid of fear; we cannot act till then. A man shall and must be valiant, he must march forward. Now and always the completeness of his victory over fear will determine how much of a man he is.—Carlyle.

STATE FUNDS VERSUS COUNTY FUNDS.

[Orange County Taxpayer, in Brea Progress.]

"Interest collections on state deposits reached high-water mark last month, when State Treasurer Friend W. Richardson turned into the treasury \$23,313.39. This is an increase of nearly \$4,000 per month, or over \$40,000 per year, over collections on a similar total in former administrations. This big increase is due to the policy inaugurated by Richardson of gradually increasing the state rate of interest. The increase alone will pay the entire expense of running the state treasury and leave a big surplus over. When Richardson took office many depositors were paying only two per cent, the minimum amount provided by law. Now all depositors are paying from two and one-half to three per cent."

The above is from the Huntington Beach News, and serves to illustrate what can be accomplished by a treasurer, or any other official, if inspired by a desire to serve the people. Over \$40,000 a year in extra interest collected over the 2-per cent rate.

But, Mr. Editor, when passing out your commendations, why did you not compliment the Taxpayers' League when they compelled—and against his will—the treasurer of our county to do what he swore to do when he took his office, viz: uphold the law by enforcing its mandates? Are the interests of the state paramount to those of our home people? Doesn't justice demand a square deal all around?

All will remember "the ravings of the favored" when the League took its stand. All will remember the threats of "exchange on out-of-town checks," and those of our dear brother who collects our taxes, that "cash only" would go if the League's mandate went into effect.

Have any checks been refused by him on this account? Has any bank charged exchange on any out-of-town check? Has catastrophe overtaken our finances? Have any of the evils befallen our people that were predicted by the doleful (interested) prognosticators? Not that anyone has heard of.

On the other hand, what little county money that certain banks had at that time, on which they were paying 2 per cent, and which they, to spite the League, or merely for effect, turned back into the treasury, has been borrowed again.

On date of this writing there is out in the banks, on which the county is receiving 2 per cent, the sum of \$183,100.

But why not 2 1/2 or 3 per cent? San Bernardino county gets more than that. Why not Orange county get it? The only reason that we could suggest is that Orange county's treasurer is not built that way and San Bernardino's is.

Well, Folks, you will soon have an opportunity to "guess again" when voting. Chance to BETTER, but hardly one to worse conditions.

But, back to the editor of the Huntington Beach News: Please help to boost for justice to home folks, won't you? Your editorial quoted shows that you are capable of doing it if you want to. We wish you and others would want to.

Grown wiser from the lesson given,

I fear no longer, for I know

That where the share is deepest driven,

The best fruits grow.

—Whittier.

WHEN THE WAR WILL END.

(Norwalk Call.)

Many conjectures have been made as to when the great world war will end. We came across the following in one of our exchanges recently which will tell it about as accurately, we presume, as some others are telling it. Here is the information: "Absolute knowledge I have none, but my washerwoman's sister's son heard a policeman, on his beat, say to a laborer on the street, that he'd had a letter just last week, written in the finest Greek, from a Chinese coolie in Timbuctoo, who said the niggers in Cuba knew of a colored man in a Texas town, who got it from a circus clown, that a man in Klondike heard the news from a gang of South American Jews, about somebody in Borneo who heard a man who claimed to know of a swell society female rake, whose mother-in-law will undertake to prove that her husband's only niece has stated in a printed piece that she has a son who has a friend who knows when the war is going to end." Now do you know?

GROWTH OF COTTON INDUSTRY.

The California Development Board gives the following interesting figures on the development of the cotton industry in the Imperial valley:

Year	Acres	Income from Cotton	Income from Cotton & Seed
1909	324	\$ 12,810	
1910	9,000	419,000	
1911	12,000	489,500	
1912	9,000	492,900	\$ 552,900
1913	20,000	1,315,000	1,495,000
1914	60,000	1,700,000	2,075,000
1915	40,000	1,755,000	2,205,000
1916	90,000	6,100,000	7,300,000

The 1916 figures are estimated, but are certainly low enough. These figures do not include the Palo Verde valley, in Riverside county, that is already beginning to loom up as a cotton producing section. Nearly 5000 acres were in cotton last year, and the estimated value of the crop is over \$500,000.

It is remarkable that in one of the most progressive and radical of state constitutions in the United States, that of New Mexico, there should be found a clause which would seem to make it impossible for its women ever to obtain the franchise, because no change in the franchise provision can be made unless three-fourths of the electors vote for it, and unless at least two-thirds of those voting in each county approve of it. This enables a single county, and the smallest in the state, to defeat the wish of all the other counties, and practically to render the granting of equal suffrage in New Mexico impossible. The thing to do, of course, is to amend the constitution, notwithstanding that, too, is a difficult undertaking.

There is a casting off in everything that the true form may come. I think that should be the courage of living.—Mrs. A. D. T. Whitney.

The Supreme Court of Tennessee held, in the case of Allen vs. Chicago, Rock Island & Pacific Railroad Co., that a passenger who boarded a train in the usual manner without procuring a ticket could not be ejected after the train started if he offered to pay a cash fare, although a rule of the company was posted in the depot requiring passengers to purchase tickets before entering trains.

Agassiz, the celebrated naturalist and author, has wisely said: "Every scientific truth goes through three stages: First, people say it conflicts with the Bible. Next, they say it has been discovered before. Lastly, they say they have always believed it."

THE CORRECT WAY TO TREAT A COUGH

A cough is not a distinct disease. It is the result of inflammation caused by a cold. Therefore, the only way to cure a cough is to allay the inflammation which invades the delicate bronchial tubes. All narcotics in the world will not correct the conditions which cause a cough—they simply deaden the senses and afford temporary relief.

"THE SHOW-DOWN" FOR SATURDAY EVENING.

"THE MILLIONAIRE'S DOUBLE" ON TUESDAY NIGHT.

The many friends and admirers of Myrtle Gonzalez will welcome the appearance of this talented Bluebird star at the Princess Saturday evening in "The Show-Down." This picture is timely in the extreme, being a patriotic romance, full of adventure upon the sea. The story deals with a boatload of tourists, who find themselves on a verdant island, shipwrecked by fate; left to shift for themselves. Nearly every phase of human nature and temperament are represented—the selfish man, the philosopher, the society belle. The theme of the story is the transformation made upon the different characters by adversity. The whole story is an intricate and interesting study of human nature; and out of this mixture of good and evil comes a love story of gripping interest, spiced with sensation and vibrating with thrills and excitement. The patriotic theme of the story consists in the discovery and destruction of a German submarine base, and the whole story is worked out to a logical and pleasing climax that makes an hour and a half of really high-class entertainment. The photography is superb and the beautiful scenic surroundings of the tropical Pacific island lend added charm, and with Myrtle Gonzalez and George Hernandez in the leading roles the highest and most finished acting is assured.

An unusually good comedy bill has been arranged for Sunday night, and the talented Mary Fuller in a two-reel society drama rounds out a well-balanced and pleasing program.

The Metro offering for Tuesday night is a picture of unusual interest and excellence, featuring the talented Metro star, Lionel Barrymore, in "The Millionaire's Double." The story is of a millionaire who, reported dead, poses as a claimant to his own estate, and falls in love with a beautiful young woman who represents herself to be his "widow." There are many good dramatic twists to the story, and it scintillates with charming situations of comedy and much humor, and just the sort of humor that Mr. Barrymore is capable of portraying. Mr. Barrymore is a descendant of a long line of ancestors who have been noted as stage celebrities, and his finished acting shows that he has inherited his full share of their histrionic abilities. He excels in the portrayal of vigorous types of American manhood, combining comedy and dramatic intensity, and "The Millionaire's Double" is a play that calls for the full display of his talents along these lines. It is a story well told and superbly acted.

The usual Tuesday night prices: Adults, 15c; children, 10c.

THOSE WHO WILL ASSIST IN THE ENTERTAINMENT.

At the first free show at the Princess theatre, Saturday, the Girls' Glee Club will assist in entertaining the audience. TEN YEARS AGO

The Following Items Appeared in the Huntington Beach News of Oct. 25, 1907.

The biggest real estate deal of the week was the sale of 60 acres of bottom land, near the cannery, in Section 12, belonging to J. F. Corbett, to Ed Farnsworth. The price paid was \$18,000. While it is not many years ago that this land was a marsh, it is believed that it will sell for \$1,000 per acre in 5 or 10 years.

The Grammar school boys are doing good work at baseball. Friday, they defeated a pick-up nine, Henry Brooks and Homer French doing the battery work, with Wesley Reed and Charles Ferguson for the pick-ups.

J. T. Reed, the pioneer drayman and transfer man, has quit business and is now employed at the peat fuel factory. Mr. Reed has run a transfer line in Huntington Beach since the town started.

C. T. Ingersoll has gone to Porterville to work for O. H. Huber.

One of the pleasant social events of the past week was the reception tendered Rev. Henry Roissey, the new Methodist minister. C. H. Howard, superintendent of the Sunday school, made the address of welcome on behalf of the church, expressing some excellent thoughts in a very pleasing manner.

At the Board of Trade meeting Monday night, I. M. Clippinger was instructed to take steps to secure the state library.

S. W. Price has offered the use of his offices until more suitable quarters can be found. The following nominations for officers were made: President, W. T. Newland, M. D. Rosenberger; first vice-president, W. D. Seely; second vice-president, S. W. Price; treasurer, R. E. Graves; directors, T. B. Talbert, C. W. Warner, A. A. Cole, A. L. Reed, L. R. Whitney, C. D. Heartwell, H. Gibbs, I. M. Clippinger, W. L. McKenney, F. E. Wilson, V. E. Philp, J. W. Walker, E. Royle.

KEEP THE COMMERCIAL ORGANIZATIONS ALIVE.

In these times of unusual conditions, when demands are made for liberal contributions in war support, every community should feel under obligation to do more than its part in subscriptions for Liberty Loan Bonds and for Red Cross work, but activities in these lines must not be allowed to over-shadow the largest support of local commercial club organizations, which are the backbone of community effort wherever they are rightly maintained. It is of the largest importance that organizations of business men be kept intact, vigorous and aggressive. There never was a time when business men should work together—should work with one another and for one another more than in times like these, when unusual demands come from all quarters.

It is necessary in meeting extraordinary expenditures that business be kept in every locality on a high plane of vigor and action. It is through keeping business up to normal that men will be able to meet new obligations and at the same time keep business intact. Economics in operation, self-sacrifices in luxuries, will come to everyone, but there should be no false economics, nor should it be considered a luxury to maintain in the most efficient way commercial club organizations everywhere.

The real spirit of such organizations is the get-together spirit—the working with one's neighbor, doing business with one's neighbor, protecting home business in the strongest way, and along these lines commercial clubs have proven their efficiency. The city and town that keeps its business organization, its community organization, alive and energetic will be in the strongest possible condition for growth and improvement as a town and community when the war ends.

If club organizations are allowed to lapse—to become inactive and stagnant, it will take a year or two when conditions return to normal to get such an organization back into the field for effective work. If it is maintained as a live, vigorous organization in times of added stress and requirements, it will be a live and vigorous organization, ready to move forward in local growth and development the moment that war conditions cease and unusual demands are ended. This alone is worth while on the part of every town earnestly working to make of itself a better community and with high aspirations for the future. Keep your commercial club organizations thoroughly alive and active and carry some of the extra efforts that you are now called upon to make into this home organization that is so vitally important in keeping every town and city on the map.—H. M. Bushnell, in Trade Review.

MELVIN W. BUSTER IS AT CAMP LEWIS.

WRITES LETTER TO MRS. MARY E. STARR-ROBERTSON.

Melvin W. Buster, who was a member of the graduating class in the Huntington Beach Union High School in 1913, is now at Camp Lewis, American Lake, Wash., and the following is a portion of a letter recently received by his aunt, Mrs. Mary E. Starr-Robertson:

Camp Lewis, Oct. 17, 1917.
Dear Aunt Mary:

Well, I am in the army at last, Aunt Mary, and it isn't so bad after all. I have been up here a week now and I am not dead yet. In fact, I rather like it. It is more or less of a rough, hard life, but it is good for us and I think that it will make good, strong men of most of us.

They could not have chosen a more beautiful site for an army camp. We are surrounded on all sides by beautiful forests of cedar trees, and everything is clean and fresh. Also everything that we have is simple, so everything is in keeping.

SOME GOOD WAR TIME RECIPES FOR COOKING.

ROYAL BAKING POWDER CO. HAS THEM.

The Royal Baking Powder Co. has issued a new Red, White and Blue cook book containing Best War Time Recipes, that has been endorsed by the United States Food Administration. Therefore, if you desire to cooperate with the food administration write the Royal Baking Powder Co., New York City, for a copy of these recipes, that will show you how to save white flour.

NEW OWNERS FOR THE CASH MEAT MARKET.

ANAHEIM BEEF & PROVISION CO. NEW OWNER.

C. H. Jandt, superintendent of retail markets operated by the Anaheim Beef & Provision Co., was in Huntington Beach today and announced that his company had purchased the meat market in Nolder's Cash Grocery and will continue it as a strictly cash place, where the lowest prices on all meats will prevail.

This insures patrons the finest of meats on the market, as the Anaheim company has established a splendid record in this section of the state for the quality of meat placed on the market from its slaughter house in the Mother Colony.

LIBERTY LOAN PERIOD AT GRAMMAR SCHOOL.

Wednesday afternoon was known as Liberty Loan Period. Literature received from the Federal Government was read and the question discussed from various angles by members of the faculty, to inculcate the spirit of loyalty among the students.

SLIGHT CHANGE IN TIME.

Charles E. Dixon, of Dixon's Dependable Stage Line, announces the following changes in his time card: The last stage will leave Huntington Beach at 4:40 p. m. instead of 3:30, as formerly. The stage will also leave Santa Ana at 3:40 p. m., instead of 3:30, and the last one at 5:35, being 5 minutes later than usual. Otherwise, the schedule is unchanged. In the future there will be no exchange of tickets, on account of the necessity of the war tax of 4 cents, which will be required after November 1st.

SOCIETY TEACHES NAVY COOKS HOW TO COOK.

Many prominent society women, led by Mrs. Adrian Iselin, have given up social activities in order to teach sailors how to cook. Mrs. Iselin, writing in the November issue of Harper's Bazar, tells how, through her New York cooking school, these women are training able seamen to prepare food properly and are rapidly lessening the shortage of capable chefs in the navy. Rear-Admiral Usher, U. S. N., has cooperated with Mrs. Iselin and has endorsed her work.

The men have learned very quickly. In fact, Admiral Usher says: "Without this aid, it would have been a difficult matter for us to supply a sufficient number of competent cooks to the small vessels in the district, and to the large German liners which were recently taken over by the government."

BIG SALE OF LIBERTY LOAN BONDS REPORTED.

QUOTA FOR THIS CITY HAS ALMOST BEEN SUBSCRIBED.

Judge Louis A. Copeland, president of the First National Bank, reports that the subscriptions for Liberty Loan Bonds in hand and in sight total about \$30,000. The quota for Huntington Beach was \$33,000. The sums subscribed range from \$50 to \$10,000.

HENRY GIBBS IN AN ELEVATOR ACCIDENT.

Henry Gibbs, who attended a meeting of feed and fuel dealers in the Fay building, Los Angeles, Thursday, had a hair-raising experience, when a cable holding the elevator broke and the cage, in which Mr. Gibbs and ten other dealers were riding, shot down about two stories, where it was suddenly stopped by a safety clutch. The cage lodged between floors, and some of those who were walking down laughed when the imprisoned men called for help, as they thought they were joking.

The fire department came to the rescue and sawed out some bars and the men climbed down a ladder to the floor.

Mr. Gibbs states that none of the passengers were thrown to the floor by the impact when the cage stopped, but all were badly shaken up, and the colored operator was so frightened that he was almost white.

ANAHEIM ELKS WILL HOLD CHARITY JUBILEE.

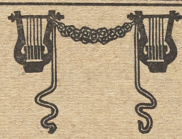

To provide means for making glad the hearts of the poor at Christmas time, the Anaheim Elks will hold a Charity Jubilee from Oct. 30 to Nov. 3. The city is already in holiday attire for the occasion, the decorations representing over \$1,000.

The magnitude of the jubilee will be better understood when it is stated that twenty big Foley and Burk attractions, covering five acres of ground, will be seen. There are a large number of free shows, a \$10,000 merry-go-round, a towering Ferris wheel, an electric calliope, and a U-boat. Foley and Burk carry 130 men and over 100 trained animals, requiring an entire train to move from town to town. This will be the biggest event of the year.

AUTOMOBILE CLUB WANTS 15,000 MEMBERS.

IMPROVED SERVICE TO BE OFFERED.

One of the few commodities not affected by the war is the price of "service" by the Automobile Club of Southern California.

Moreover, instead of less service "for the same price," the big motoring organization is planning to give more service and even better service with the increase in the number of members being brought about by the present campaign to increase the roll to 15,000 motor car owners.

Few automobile owners take the time to realize the actual cost of the benefits given by the Automobile Club to the touring public, such as the permanent nature of the enamelled metal road signs, the excellence of the printed maps and the accuracy of the official touring information.

While it may be necessary to increase the retail prices of the complete and individual map sets because of the great advance in the wholesale price of printing stock and ink, the same maps in sets and singly will be supplied to the new members at the original initiation fee and annual dues.

Instead of an abatement in signposting activities, there is to be an increase, and each of the thirteen counties in Southern California is shortly to reap the benefit of the club's growth in more road signs, as surveys of the Club's system are continually being made in an endeavor to enlarge and perfect the systems.

According to a report from the Club headquarters, a vigorous start has been made in the campaign for 15,000 members by January 1, and while the results in this territory have been partially gratifying, the Club directors feel that there are many automobile owners here who will be glad to do their bit in keeping up the work of an organization which so thoroughly represents their best interests.

One of the main reasons why the East is seeking more definite information about touring in Southern California, and why the entire touring population of America is looking toward this part of the country as a vacationing ground, is laid at the door of the Automobile Club of Southern California, the organization which has been tireless in spreading the word that here lies the motoring mecca of the world.

SOUTHERN PACIFIC IS BUYING LIBERTY BONDS.

Of the Southern Pacific's second subscription of five million dollars to the Liberty Loan, two and a half million dollars have been allotted to the Pacific System, President William Sproule has announced.

This amount will be pro-rated to the various states as follows:

California	\$1,650,000
Oregon	250,000
Nevada	250,000
Utah	50,000
Arizona	250,000
New Mexico	50,000

\$2,500,000

As was the case with the first Liberty Loan, this method of apportionment will be of material assistance in aiding the various states traversed by the Company's lines to make up their apportionment prescribed by the Treasury Department.

The subdivision of these amounts to counties and towns will be announced later.

Subscriptions by employees of the Company are rolling in to the General Offices at 65 Market street, San Francisco, and now approximate \$150,000, with every indication that the final total will compare favorably with the first subscription by employees of \$1,900,000.

MAKING ENVELOPES FOR THE GOVERNMENT.

[The Paper Dealer.]

The business of the Mercantile Corporation, Dayton, Ohio, is the only one of its kind in the United States. It turns out 8,000,000 envelopes every day. That makes 2,504,000,000 a year. That would make enough letters to go around twice for everybody in the world. The government is as careful of its stamped envelopes made in Dayton as it is of its coins made at United States mints. Guards watch the Mercantile plant night and day. The employees are impressed with the importance of their trust. Automatic machines do the counting, and are tested every few minutes to see that everything goes off to the "nth" power of precision. For this is what it means to work for Uncle Sam.

The Mercantile Corporation started at Dayton with its unique manufacturing business in 1907. At that time it secured the government contract, which hitherto had been held by a Hartford, Conn., concern for 30 years. At the start off it began turning out \$50,000,000 worth every year. It

makes 8,000,000 envelopes every day of the world. But when one considers that the embossed stamp on the envelope automatically adds two cents to its value when affixed by one of the specialized machines, the volume of business is easily understood.

While the envelopes are being turned out daily, the box department is making 30,000 boxes and cartons, in which the finished product is to go to post offices throughout the United States and the colonies. At union station a special department of the railway post office takes the envelopes and starts them for their destinations.

GRAMMAR SCHOOL NOTES

(By the School.)

Drafted.

Central school was without its leader Wednesday, Vice-Principal Skinner assuming full charge. Mr. Campbell was called to Fullerton for his draft examination. The faculty and students hope that he may be able to continue his work in this city.

Hallowe'en Party.

Miss Ruth Brown will be hostess to the 8th grade on the evening of October 30th. Appropriate Hallowe'en games and decorations have been arranged. The class has a committee of three, which will make all necessary arrangements. Misses Mary Bundschuh, Alice Maher and Hazel Wardwell are the three members.

Beach Party.

Leaving school behind them, the 8th grade romped down to the plunge Wednesday afternoon and took a dip in both the still and ocean water. Wieners and marshmallows were devoured with much joy. The senior class has a fine social spirit this year, and is always able to enjoy the festivities prepared by the various students and teachers.

Baseball.

Determined to get revenge for their former defeats, the ungraded team of the Grammar school came back at the 8th grade and defeated them 8 to 6. "Coyote" Page was outpitched by McDonald, who allowed only two safe hits. The Tuesday and Thursday games keep the boys in good trim for baseball, and closely watched by faculty and pupils.

SPECIAL RATES TO MT. LOWE NOW IN FORCE.

Traffic Manager D. W. Pontius of the Pacific Electric Railway Company, announces a season of autumn excursions to Mt. Lowe at special fares, as in previous years. The fare from Los Angeles to Alpine Tavern is now \$1.50, and from Pasadena \$1.25, and tickets will be on sale daily until December 3rd, inclusive.

The return limit on these special tickets is seven days, and the Mt. Lowe Resort, consisting of Ye Alpine Tavern and Cottages, is making very low rates both on the American plan and for housekeeping cottages.

Many improvements have been made at this resort during the past year, and a great variety of amusements are at the free disposal of guests, including a new cement tennis court and a children's playground.

On Saturday evening, October 27th, the management of the Tavern will give an old-fashioned Hallowe'en Party with Hallowe'en sports, dancing, entertainers, refreshments, etc. Many of those who were present at a similar affair on Mt. Lowe last year are already making hotel and cottage reservations for this event.

Why not have those pictures framed? See samples, Rigdon's Studio.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists, 75c. F. J. CHENEY & CO., Toledo, O.

Cushions of Ease and Elegance

If every maker of tires showed the internal structure of their casings, as the rubber saturated cord body of the Goodrich Silvertown is here laid bare, you would find three types of construction:

Cotton fabric, in five to seven plies. Thread Cord, or Web (strings the size of trout line held parallel the circumference of the tire, interspersed by cross threads) gummed together in five to seven plies—meaning internal heat.

And cable cord, the unique, patent protected, two-play structure found ONLY in GOODRICH SILVERTOWNS, the original cord tire.

HIGH SCHOOL NOTES

(By V. B. Brown, Principal.)

The Student Body has purchased a Liberty Bond.

Judge Louis A. Copeland gave a most interesting talk to the students at their assembly on Thursday. His subject was one that is of national interest, the subject of Thrift. He showed how important it is for the young person to regard property, to be economical and thrifty. The early histories of some of our great men were cited to show that later success is essentially dependent upon thrift, the habit of which should be formed early in life. He made it clear that thrift did not apply to property alone, but that the saving of time, the storing up of ideas and ideals fitted one to contribute to his age.

The Student Body has under consideration and near completion plans for a lecture course that will be of real value and credit to the school and town. The lecture course representative, Leo Lavinger, in conjunction with the Advisory Board, has worked out some excellent publicity plans. In order that the course may be made as valuable and extensive as possible, a committee from the High school will confer with the Chamber of Commerce tonight to ask their co-operation. The first number has been decided upon—Mantraville Woods, for some years first assistant to Thomas A. Edison in his laboratory work. He has several worthy inventions to his credit, one of them a torpedo that has influenced modern warfare. He gives a continuous demonstration with his lecture. Mr. Woods will be here on the night of Monday, November the fifth. Further announcements will be made later.

Boost the lecture course. A single number in the city would cost more than our whole course. Yet we shall bring you six of the best for \$1.05.

There Is Money In Beach Acreage

If you buy at the right price and at the right beach.

There are only 8½ miles of high beach frontage now available close to Los Angeles, and 5 miles is occupied by the cities of Santa Monica, Redondo and Long Beach. Huntington Beach has the other 3½ miles.

If you price close-in acreage at the older and larger beach cities, you will find it has reached a figure that is almost prohibitive, and that there is no longer a chance for quick increase and good profits, while at Huntington Beach you can buy good, close-in acreage for

\$350 to \$500 an Acre Easy Terms

Full half-acre tracts inside city limits, on or near paved boulevard, with every city convenience.
Terms—\$50.00 cash, balance \$25.00 every three months. Now is the time to buy, while prices are low.

STENOGRAPHERS AND BOOKKEEPERS WANTED.

We cannot supply half of the calls we receive for office help. We MUST have more students to train for good positions, and, in order to bring the benefits of a business education to the poorest boy and girl, we have made a special rate for all who enroll for our full term in September. Our last boy in the advanced class was sent out at \$82.50 per month; the last girl at \$71.50 per month; another girl, not yet 16 years old, we placed at \$50.00 per month. You can do as well. Enroll now for our complete course, and we will guarantee you a position upon graduation. Tuition refunded in case of "draft." If you would escape the "firing line," enroll for our "Civil Service" course. Day school, night school. Catalogue free.
